**Prasad Concept School - Anantapur**

### *SKILLS*

PROGRAMMING LANGUAGES : Python
WEB : HTML,CSS
DATABASE : My SQL
TOOLS : VS code

### PPROJECTS

- **One Stop Solution for Tourism:**Developed an app for booking hotel, event, and cab management. The system enhances userexperience through centralized booking, real-time updates, and seamless interactions betweenusers and service providers.

- **Using existing CCTV network for crowd management, crime prevention, and work monitoring using AIML:** Our project leverages AI and ML to upgrade traditional CCTV surveillance systems. Using the YOLOv5 object detection algorithm, we enable real-time monitoring of video feeds to detect people and potential threats such as weapons.
